

Where design meets comfort

'I always had cold feet when watching television.
After hanging a natural heating panel in my living-
room this now belongs to the past!'

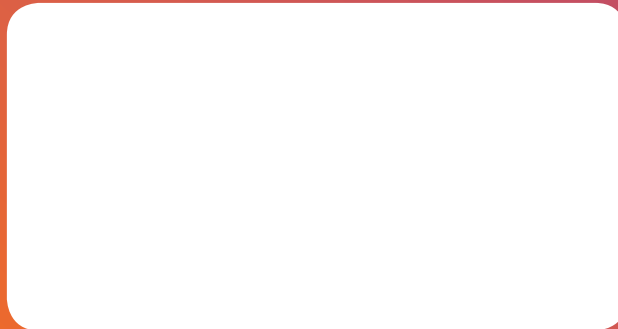

M. Decorte, Belgium

'After taking a nice shower it feels good to feel the
natural heating on my body'

H. Leclerc, France

'When I renovated my hotel a few years ago I
installed the natural heating panels in every room.
My energy cost decreased with more than 30%.'

Mr. Geerf, hotel Horner, Switzerland

Discover the new natural way of heating

EXPERIENCE

ADVANTAGES

Just plug in and the panel will heat up

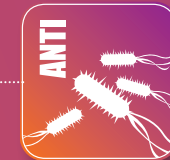

Save more than 30% on heating energy

Feels like sitting on a terrace on a sunny winter day

No air circulation means no dust/bacteria spreading in the room

Safe to touch

Good for your health
